

Karolina Samborska
Practice Manager

Karolina has been a part of the Unified Financial Services team for over 8 years. In her Practice Management role Karolina ensures that Unified Financial Services operates to provide a consistent high quality service to its clients.

As part of her role, Karolina is able to assist you with:-

- Obtaining further information about our Firm,
- Queries in relation to our Financial Management Service,
- Arranging a seminar for your workplace or booking into our financial education seminars,
- Relaying your financial planning queries to the appropriate advisor,

Karolina holds a BComm from RMIT University, graduating with Distinction and receiving the Pearson Education Australia Award. Karolina also holds an Advanced Diploma of Public Relations.

Karolina immigrated to Australia from Poland with her family in 1989. Her life experience includes three language changes by the time she was 9 years old. Starting out her career in a financial planning business meant that yet again she faced a foreign language – financial planning!

In the ever increasingly complex economic environment, Karolina believes one of the key responsibilities of financial planners is to deliver messages which are free of jargon and meaningful to clients and the public.

Karolina believes financial literacy should be available to all members of the public and is proud to assist Michelle Tate-Loverly and Lisa Haley in coordinating public education workshops.

Karolina spends her spare time going out with friends and family, listening to music, playing her piano and hanging out with her somewhat behaviorally challenged Labrador x Mastiff, Kitt.
